

Consent form - Correction

Please note the following correction to the consent form used during a user study for the research project “nev”.

Specifically, the following text:

The research project "nev" aims to investigate the use of interactive data visualization tools for probabilistic model checking. For the exclusive purpose of the above-mentioned research, a user study will be conducted by TU Dresden, specifically the Chair of Multimedia Technology and Chair of Algebraic and Logical Foundations of Computer Science. A voluntary and informed consent is required for this.

Data processing

The declaration of consent covers the processing of the following personal data: Gender, age, current profession, professional focus area, personal experience/expertise on the topic of model checking, as well as audio recording (optionally, automatic transcription) and screen recordings during the study.

has been corrected to indicate:

The research project "nev" aims to investigate the use of interactive data visualization tools for rule-based reasoning. For the exclusive purpose of the above-mentioned research, a user study will be conducted by TU Dresden, specifically the Chair of Multimedia Technology and the Chair of Knowledge-based Systems. A voluntary and informed consent is required for this.

Data processing

The declaration of consent covers the processing of the following personal data:
Gender, age, ethnicity, personal experience/expertise on logic-based programming, as well as audio recording (optionally, automatic transcription) and screen recordings during the study.

The remaining paragraphs on “Anonymity”, “Data Transfer”, “Publication”, “Voluntariness and withdrawal”, “Duration of data storage”, “Data protection office and supervisory authority for data protection”, and “Right of access of information” remain unchanged.
